

The **co-operative** investments

CIS Fidelity South East Asia Pension

Investment Objective

The Fund aims to achieve long-term capital growth from a portfolio primarily made up of the shares of companies throughout the Pacific Basin, but excluding Japan.

Percentage Growth over 5 years

Percentage Growth to latest month end, total return, with charges, Gross in fund currency. Past performance is not a guide to future performance and the value of this investment can go down as well as up. This is not a guaranteed investment and you may get back less than you have put in.

Company Profile

Since Fidelity International was established nearly 40 years ago we have been committed to creating funds that enable our clients to make wise investment choices. The company and its subsidiaries now manage investments worth more than \$270 billion for major institutions and millions of private investors around the world. By combining global reach with a local focus, we have become the UK's largest mutual fund manager and the European leader in pan-European equities.
