CIS Gartmore China Opportunities Pension

Investment Objective

The fund aims to achieve a long-term return, in excess of the long-term return that is typically achieved from investments in Hong Kong and Chinese equity markets, by investing in companies having their registered office in Hong Kong or China, and companies that do not have their registered office in Hong Kong or China but either (i) carry out a predominant proportion of their business activity in these markets, or (ii) are holding companies which predominantly own companies with registered offices in Hong Kong or China.

Percentage Growth over 5 years

Percentage Growth to latest month end, total return, with charges, Gross in fund currency. Past performance is not a guide to future performance and the value of this investment can go down as well as up. This is not a guaranteed investment and you may get back less than you have put in.
